

[vReach]
Website Proposal

Context

Create a hub for the Tamil community in the LA county area so that they can socialize and get connected to their roots. Additionally, provide Tamil language learning assistance for school students and technology assistance for senior Tamil people.

Purpose

To provide assistance to newly relocated Tamil people in L. A. County region. Conduct events and programs to socialize them and make them feel at home. To showcase the legacy, heritage and cultural richness of the oldest language, Tamil. Conduct classes to Educate the Tamil language to interested people and Provide technical assistance to seniors based on registration.

Target Audience

- Middle and high school students who want to learn Tamil.
- Retired people who are looking for tech assistance.
- Students who are looking to volunteer.
- Non-English speaking immigrants.

Visitors' Motivations and Goals

People who want to learn the Tamil language and sustain the culture even in the united states. Old/retired people need technical assistance.

Information Requirements

- Highlight the richness of the Tamil language and heritage.
- Showcase upcoming Tamil events happening around SoCal.
- List down the various programs offered to Tamil students and elderly people.
- Provision to enroll for the programs.
- Provision to register to volunteer.
